

## ENERGY POLICY

Fabryka Papieru i Tektury BESKIDY Sp. z o.o.

**Fabryka Papieru i Tektury BESKIDY Sp. z o. o.** based in Wadowice is a manufacturer of hygienic papers for use in industrial, business and household applications. In our business, we pay special attention to the efficient use of energy, thus reducing our environmental impact.

Our energy policy established under the Energy Management System is a part of the company's long-term strategy aimed at maximizing energy efficiency.

**Fabryka Papieru i Tektury BESKIDY Sp. z o. o. achieves its energy and environmental goals through:**

- *cooperation with suppliers who ensure the reliability, robustness and energy efficiency of their products and services,*
- *ensuring the availability of information on the achieved energy result as well as quality, environmental and energy objectives within the organization,*
- *providing resources and means necessary to achieve the assumed goals, sustainable use of resources and systematic improvement of environmental burden parameters caused by production activities,*
- *promoting safe, pro-environmental and pro-efficiency attitudes and behavior among employees through continuous improvement of their skills and qualifications,*
- *involving all employees in the implementation of the requirements of the Energy Management System in accordance with their duties, competences and responsibilities,*
- *continuous improvement and enhancement of operations in relation to the environment, energy performance, employee safety and customer satisfaction.*
